Mimi boutique – A love story

“Dreams come true when there is someone who fulfils them.”

Noble people have always devoted much time to their body and appearance, therefore our beauty ceremonies are inspired to old times' beauty routine rituals to make you enjoy Quì e Ora (Just Here and Now) an authentic moment of beauty and well-being.

For our guests, we have chosen Shu Uemura products. Their philosophy of beauty, just like ours, is based on the scalp care since “a healthy scalp results in healthy hair”.
